My Ref.: JVC/BMA/842

Date: 11th August 1995

Dear Mr. Bartlett,

## "Ultraburn"

I write with great pleasure to advise you of the results of fitting one of your "Ultraburn" units to one of my Car Park Inspector's van.

The vehicle concerned is a 1700 cc Diesel Maestro Van first registered in 1990, having covered some 50,000 miles.

Prior to fitting your device, the vehicle was returning 42.7 mpg. Since fitting, this figure has increased to 51.2 mpg.

I am obviously delighted at this saving and have no hesitation in recommending "Ultraburn".

Yours sincerely,

Assistant Services Officer  
(Technical)
