

Jesus is Alive!

This is a simple responsive chant that can be used to reinforce the fact that Jesus is alive! It started as a rhyme with rhythm, but I felt that the concepts were too hard for people with a learning difficulty to 'hang on to' from one section to another. So I have removed that element of it, and made it simpler.

We teach the response first, have the words projected for those that can read, and use Makaton signing to go with it!

People say that God is dead! But..
Let us praise the Risen Lord!
We know we can shout that God's alive
Let us praise the Risen Lord!
Peter looked inside the tomb
Let us praise the Risen Lord!
Peter did not see Jesus' body
Let us praise the Risen Lord!
Jesus came and spoke to Peter
Let us praise the Risen Lord!
Jesus said, "I'm alive. It's Easter day!"
Let us praise the Risen Lord!
God's alive - that's really great!
Let us praise the Risen Lord!
I believe that! Do you believe?
Let us praise the Risen Lord!
