They were given by God to Moses, who gave them to the Israelites. They are for us today!

These commandments were a covenant between God and his people.

covenant = alliance of friendship / solemn agreement / treaty

They signified the relationship and God's promise of love and guidance. The commands were meant to help the Israelites get along together and to maintain their worship of the One True God.

The commandments deal with two basic areas of human life. The first five concern relationships with God, the last five concern relationships among human beings.

The Israelites had come out of Egypt

They had seen God's power!

God loved them that much! Out of that love He gave the 10 Commandments to help, not be a problem!

Commandments were given by God on Mount Sinai.
