

In the beginning

Each slide starts with a blank white screen, and then has 2 or 3 pictures on click!

Prepare:

1. You will need
2. A large-ish candle
3. A large-ish bible
4. A cross – size to match the rest
5. A table or flat surface at the front where everyone can see it.

Give each of the props to three people for them to bring to the front. If in a wheelchair make sure there is space!

You can either get the prop brought up before you say the words, or after each section.

Say these words and work through the slides slowly and deliberately. Encourage people to join in with the words in italics. *** means click through!

*** In the beginning before the world was made there was nothing.

*** Then God said, “Let there be light!” And there was light!

*** *Thank you Lord for light*

*** In the beginning there was silence.

*** The God spoke. He still speaks to us, and uses the Bible to speak to us a well.

*** *Thank you Lord that you talk to us*

*** When the right time came, God sent Jesus to this earth to show us how much he loves us.

*** Jesus died for us on a cross.

*** *Thank you Jesus that you came to be with us. Thank you Jesus that you love us very much.*
